

ELECTRIC PARIS

cultural & events centre

COME AND TELL

YOUR STORY

at **ELECTRIC PARIS**

presentation

Electric Paris, a chic 800 m²
industrial building in the
dynamic 10th arrondissement

An alternative cultural centre and events venue, this former atelier dating from 1865 is spread over three levels and welcomes you under its immense glass roof with its 10m high ceilings.

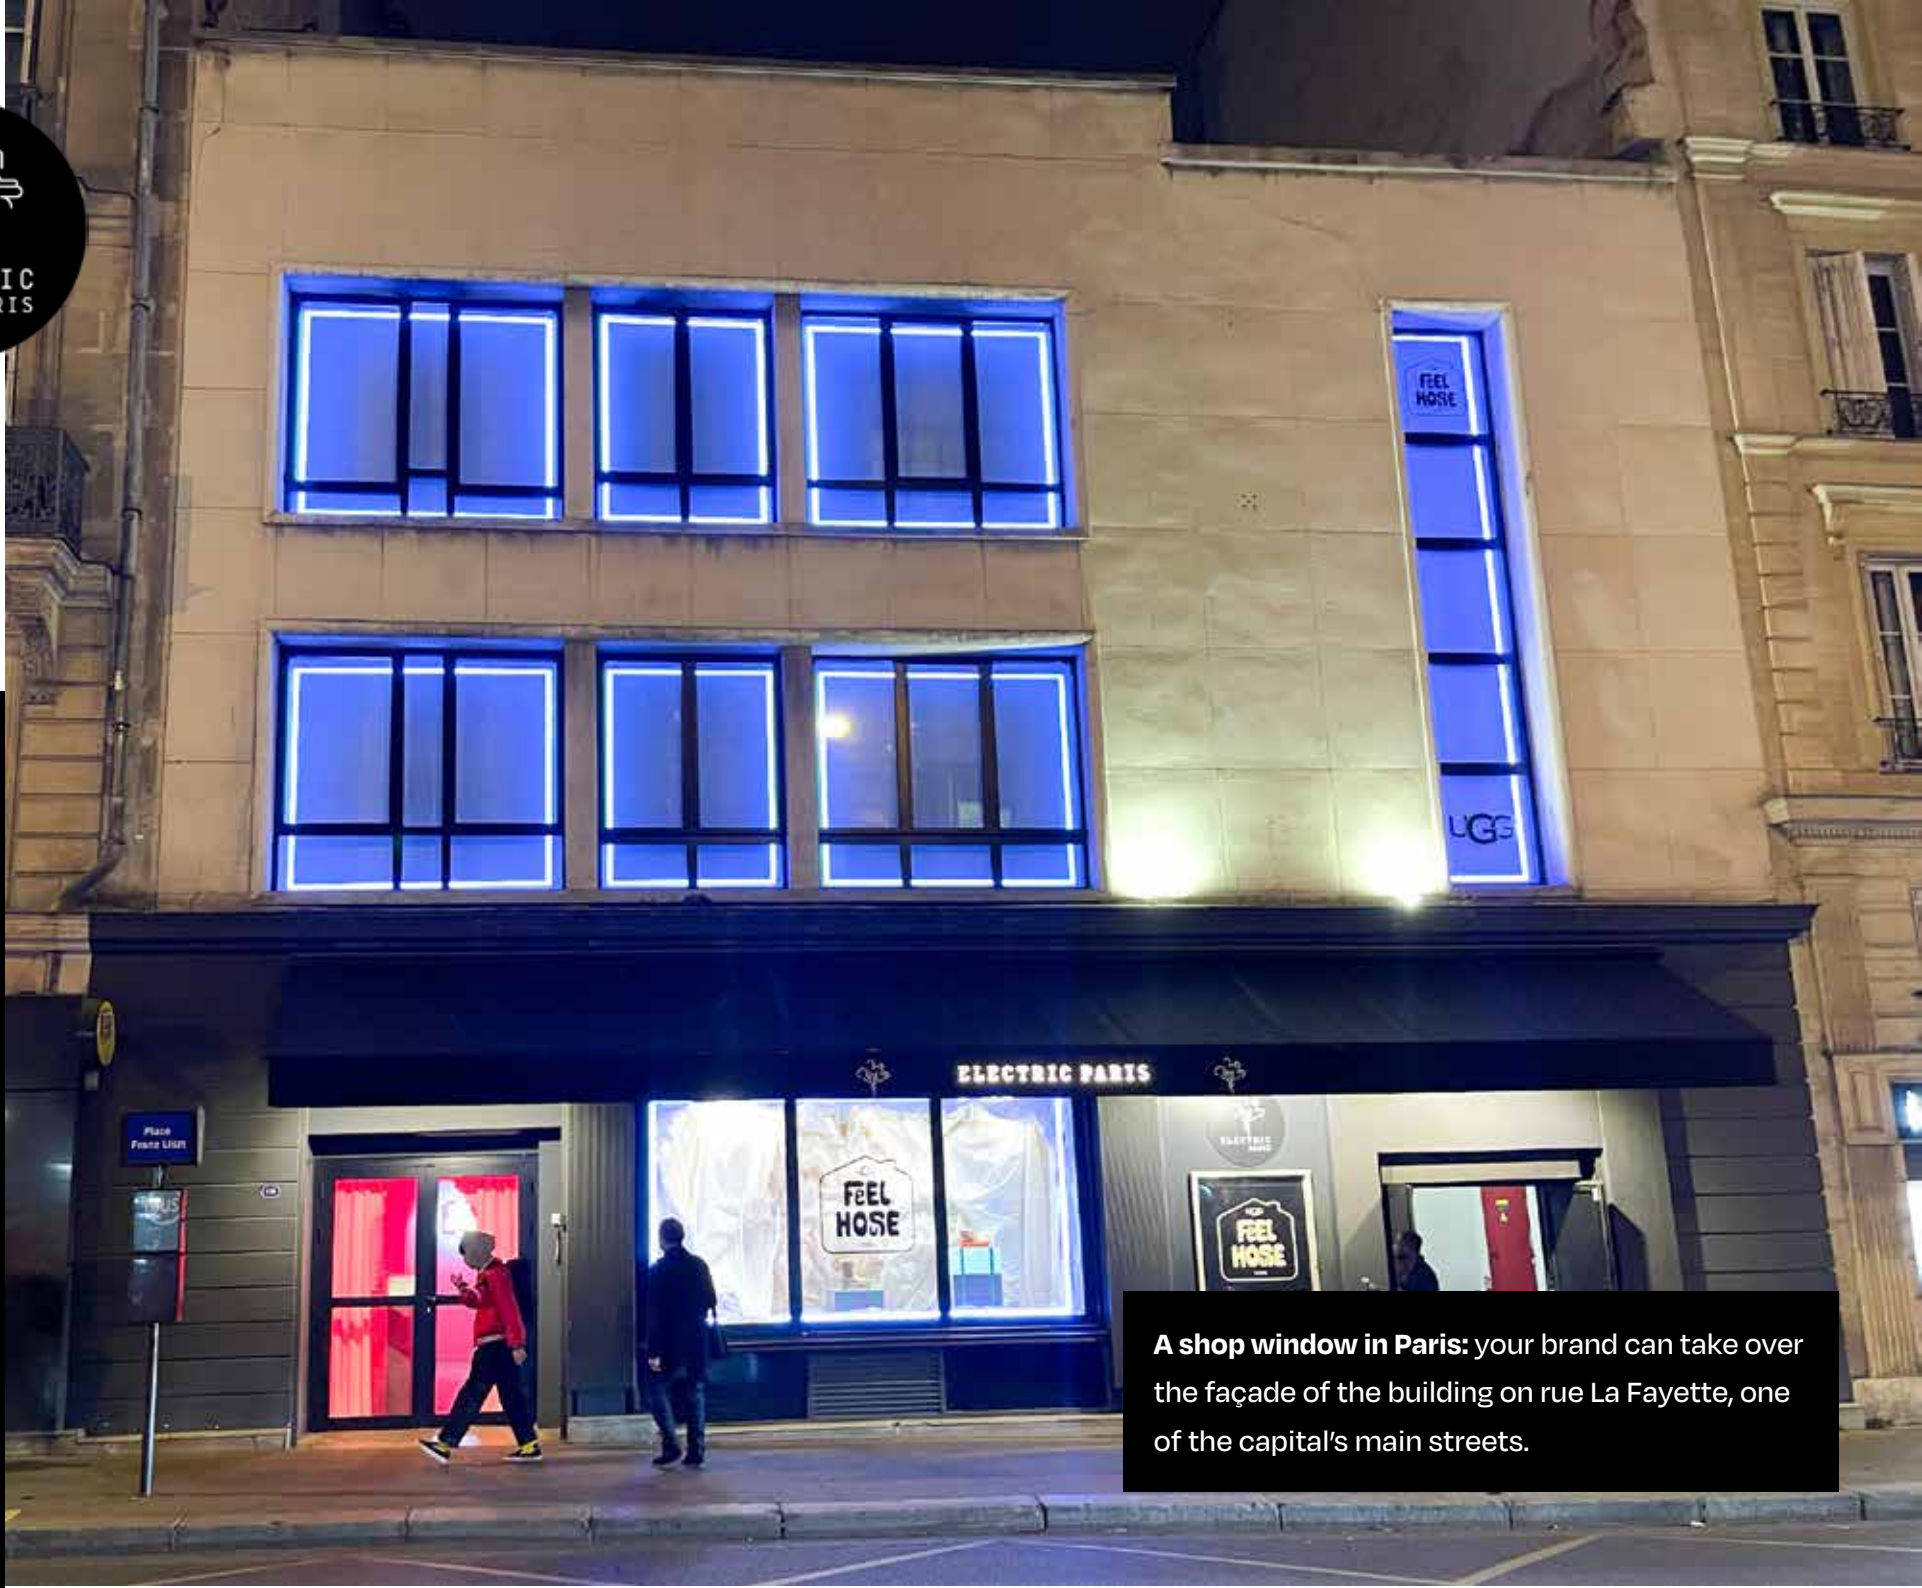

Bathed in natural light, the spacious rooms are ideal for all kinds of corporate and public events: showrooms, fashion shows, conferences and seminars, sit-down dinners, cocktail parties and evenings for up to 500 guests.

Having made its debut at Porte de Versailles in 2012, **Electric Paris** continues to encourage brands, event organisers and the world of art and gastronomy to work together to create exceptional events.

façade & window

A shop window in Paris: your brand can take over the façade of the building on rue La Fayette, one of the capital's main streets.

ground floor & mezzanine

ground floor & mezzanine

Prime location: Located between Bonne Nouvelle, Poissonnière and Saint Vincent de Paul, in the 10th arrondissement of Paris.
